- Developed hands-on skills in configuring routers and switches, implementing IP addressing schemes (IPv4 and IPv6), and troubleshooting connectivity issues.

Cisco Networking Academy – Introduction to Packet Tracer

October 2020

- Completed the Cisco Networking Academy program for Introduction to Packet Tracer
- Gained hands-on experience with Cisco Packet Tracer for simulating and visualizing network configurations

FORTINET – NSE Certification Program

February 2023

- Acquired a solid understanding of the evolving cybersecurity threat landscape and the core concepts of network security.
- Learned to navigate and leverage the Fortinet Security Fabric to identify, prevent, and mitigate digital security threats.
- Developed knowledge of key security products, firewall operations, and cloud/network security strategies.

TECHNICAL SKILLS

Programming Languages: HTML, CSS, JavaScript, C#, Python, SQL

Networking: Networking Fundamentals, Routing & Switching (Cisco NetAcad), TCP/IP, IT Support

Tools & Platforms: GitHub, Web Development, Mobile Application Development, Cisco Packet Tracer, VS Code

Operating Systems: Installation & configuration on desktops/laptops

Computer Troubleshooting: Network, hardware, and software

Productivity Software: Microsoft Office (Word, Excel, PowerPoint), Google Workspace (Docs, Sheets, Calendar, Drive),

Creative Tools: Adobe Creative Suite (Adobe Premiere Pro & Photoshop), Canva

Soft Skills: Patience, Eagerness to learn, Adaptability, Teamwork, Time Management, Communication

PROJECTS

Smoke Detection System

- Developed a hardware-software integrated smoke detection system for real-time environmental monitoring

Tripsync

- TripSync is the ride-sharing app built exclusively for students. Connect with classmates and nearby students to split rides, share gas costs, and make your daily commute safer, cheaper, and way more fun.

BCH Inventory Management System

- A web-based solution for managing and tracking medical inventory in Binan City Hospital.

Personal Portfolio Website

- Designed and deployed a personal portfolio website showcasing projects, skills, and contact information •
